

Raccoon Class Share

On Wednesday 21st November Raccoon Class had a share morning. We had lots of parents and Grandparents come and share our learning based on celebrations.

We designed boats to help the pilgrims travel to the new world for Thanksgiving.

We then tested them to see if they would float.

We planted cress to celebrate growing crops in Autumn.

We completed a firework number hunt around the hall.

We used brusho to create wax resist firework pictures.

We used coloured rice to decorate Rangoli patterns for Diwali.

We also decorated pumpkin biscuits for Halloween.

Thank-you to all the parents and the Grandparents that attended . The children had a wonderful time.
